## The Sisters Grimm, Book One: The Fairy-Tale Detectives

Michael Buckley, isbn 0810959259

Life wasn't a fairy tale for two sisters named Sabrina and Daphne Grimm. Until they learned that they had famous ancestors, "The Grimm Brothers," who wrote the classic fairy tales. Both girls were suddenly in a mystery where they find out the fairy tales were actually real and alive and are called "Everafter."

When a giant comes down from a beanstalk and kidnaps the girls' grandmother, they seek help from "Jack" to get her back. With the help of a flying carpet, red ruby slippers, and a magic mirror, they try to solve the mystery of why their grandmother was taken in the first place.

This book has giants, witches, a talking mirror, fairies, one handsome prince, three pigs and many more fairy tale characters in it. It was like reading a lot of fairy tale books all in one fairy tale mystery.

I really enjoyed reading this fairy tale/ mystery book. It is the first book in a series of four, and I can't wait to continue reading about the "Grimm Sisters."
